Re: Testimonial for Speedpro Imaging/Bennett Hui

Upon seeing some photographic images reproduced by Speedpro onto a canvas frame, I decided that this was an ideal way to capture some family pictures that my wife and I had received as a present from our progeny. We were delighted with the result. The images, the colour and the unusual format (not to mention the price) are outstanding. Our problem now is simply a shortage of wall-space!

Yours truly,

COHEN BUCHAN EDWARDS
